3) I have seen the place & think that the improvement of the road suggested by the Municipality is very desirable. The objection of the owners of the land & the Railway does not seem to be well founded. The land is not likely to be of any use for the road but can cause no inconvenience. The suggestion to extend the road to

---

Proposed exchange of land at the Bangalore City Railway Station

---

With reference to your No W 2474 of 8th July 1929, I beg to inform you that I investigated the possibility suggested in your para 1, on the ground, with the District Engineer of the 22nd instant There will be no difficulty in surrendering a small curved piece of land at the corner of the main road and the station approach road to the foot overbridge The District Engineer has arranged to explain this to the Municipal Engineer and will send a relinquishment plan, which I will deal with immediately

The oversight referred to in your para 3 arose because the matter has been partly dealt with in a central File My No H 14643/35/B/223 of 13-12-27 to the Municipal Commissioner, Bangalore City, is on this office file I regret that when the matter was put up for my orders in February 1928 on the Central File and dealt with, vide my letter to you No P Central/8/13 of 27/28 2/28, I overlooked the promise given to the Municipal Commissioner, Bangalore City, in my letter of 13th December 1927 as this was not on the Central File I amsending a copy of this letter to the Municipal Commissioner with my apologies

After inspection of the septic tank latrines, I am of opi nion that their appearance from the rod is much less unsatisfactory than the old ordinary latrines which have not yet been dismantled I consider that the wall on the boundary between our land and the road should be continued from the corner opposite the choultry to the bend towards the underbridge The height of the wall should be 6 Ft above the crown of the road, but this will necessitate a wall much higher than 6 feet for the greatest part of the length where the boundary is in low ground When the wall has been built, the new

view of the gable ends of the buildings will be quite unobjectionable

Co py of the above is forwarded to the Municipal Commissioner, City Municipality, Bangalore City, with apologies for omitting to arrange for the discussion referred to in the last paragraph of my No H 14643/35/B/223 of 15th December 1927

P T O

Proposed exchange of land at Bangalore City Railway Station

Agent M & S M Ry Madras letter No W2474 dated 29th November 1929

I have the horour to request that you will kindly arrange for the transfer of 2,752 Sft of land proposed to be relinquished to the City Municipality at Bangalore City for the wid ning of the Sesnadri Road as the Municipal Engineer Bangalore City, is pressing to take possession of the land

"C o p y"

Letter No 2474 dated 6th January 1930 from the Agent M & S M Railway Co Ltd to the Secretary to the Government of Mysore for Railways Mysore through the Secretary to the Hon'ble the Resident in Mysore Bangalore

Exchange of land at the Bangalore City Railway Station

With reference to your No R S 1761 of the 12th December 1929 I have the honour to forward herewith a copy of this office No W 2474 of the 9th February 1929 to the Secretary to the Hon'ble the Resident and to request that you will kindly arrange for the transfer of the land to the Bangalore City Municipality at an early date

"C o p y"

Copy of letter No 2474 dated the 9th February 1929 from the Agent M & S M Railway Madras to the Secretary to the Hon'ble the Resident in Mysore Bangalore

Proposed exchange of land at the Bangalore City Railway Station

With reference to your No 6674/403-1928 of the 17th July 1928 I have the honour to inform you that the road proposed to be widened by the Municipality is bounded on the west by Railway land and on the east by the Dharmambaddi Tank which has been drained There is --- ample space on the east side of the road for any widening that may be necessary but it would involve a good deal of banking and it is apparently to avoid this expense that the Municipality propose that this Administration should relinquish the land shown pink on the

plan

19

pdan enclosed herewih

The piece of land proposed to be handed over to this Railway in lieu of the above shown yellow on the plan was relinquished to the Municipality in 1915 and is not required by this Administration

As there is ample room on the eastern side of tne road for the widening required it is not considered advisable for this railway to relinquish the land asked for by the Municipality

25/2/30

Reference - Railway Secretariat File D No 1311 dated the 29th January 1931, on the subject of the exchange of certain lands between the Bangalore City Municipal Council and the Madras and Southern Maharatta Railway Company near the Railway Staff Quarters along Seshadri Road, Bangalore City

---

The Deputy Commissioner is reported not to have countersigned the plans on the ground that the lands are Railway and Municipal lands The Agent of the M & S M Railway Co , Ltd , considers that the transfer should be effected through the Revenue Department formally It is desirable that the Deputy Commissioner should keep himself informed of the mutual transfers of the kind in question as they involve changes of jurisdiction of the State over such lands not only in Municipal matters but also in respect of the Police and Criminal Administration whether some suitable arrangements for giving wider publicity to such transfers are not necessary is also a point for consideration
